

ACTIVITIES OF THE SOCIETY

Locally, each branch arranges its own annual programme. Typical monthly meetings include talks, films, outings, wine-tastings, music, and soirées.

Alexander Gray Fund, The grant enables students to go to France to pursue their studies in an environment where they have to speak French. It also helps those who might not be able to afford to go without the award.

How the pupil is chosen, Every year in Perthshire teachers propose Students they consider to be suitable candidates (with a maximum of three per school). Their applications are then considered by the committee in February. Each candidate has to submit an essay, in French explaining why they should be chosen. The choice as to who receives the award - a grant of £1,000 - is presented in May.

Visits to France, open to members, take place periodically usually in conjunction with the Association Franco-Ecossaise.

The FSSS Prize, is awarded annually to the most outstanding candidate in the Scottish Qualifications Authority's Advanced Higher French Examination.

The FSSS Lecture, Every two years, members, guests and the general public are invited to hear an eminent speaker from Scotland or France talking on a theme of Franco-Scottish interest. Texts of the Lectures are published by the Society.
